

October 29, 2025 | 5 PM | Le 9^e

Become a sponsor of *La Soirée de l'Exceptionnel*.

On October 29th, the Héma-Québec Foundation will host the very first edition of its signature event: ***La Soirée de l'Exceptionnel***.

Held in the elegant and historically rich setting of *Le 9^e* at the Eaton Centre in Montreal, this event will bring together over 150 guests committed to a vital cause: supporting the Foundation's initiatives in funding education and donor recruitment for plasma donation.

Why Plasma?

Plasma, the golden liquid that flows through our blood, is essential for the production of life-saving medicines. Each year, it helps thousands of people suffering from hemophilia, neurological disorders, or immune deficiencies to live better—or simply to live.

However, Quebec is still not self-sufficient in plasma. To change this, we need to raise awareness, mobilize, and take action.

Your support makes a difference. Explore our sponsorship options today!

All united for plasma.
